

CARELUMINA

STYLE IT HAIR OIL

Our haircare line was shaped through first hand experiences in the salon industry using innovative hair care technology and natural actives to deliver high-performance, treatment-based products – all while staying true to our deepest belief that “healthy hair is beautiful hair”. We worked with the most forward thinking scientists and artisans to develop a best-in-class salon collection of products rigorously testing in top salons by top stylists and tweaked to perfection.

HOW TO USE

Apply to damp hair prior to styling. Use in small amounts to add glass-like shine to finished styles.

FEATURES

An exotic blend of Maracuja, Brazil Nut and Buriti oils used for centuries to treat and condition hair. These lightweight oils add shine and leaves hair with a lustrously-smooth finish. HEATWAVE TECHNOLOGY® works as a catalyst to deliver heat into the cortex of the hair shaft while protecting the cuticle. Drying time is dramatically reduced.

- Softens + Smooths Hair
- Works With All Hair Types
- Reduces Drying Time
- Provides Amazing Shine
